Hi There!

Welcome

Welcome to the 6 Steps to Full-time RV Lifestyle Course. You've made a good choice. The content of this course comes out the actual experiences and struggles that my wife and I encountered when we made the choice to go Fulltime RV, eight years ago.

Vision

It is my vision to see all those who have made this choice, be well equipped for their new adventure. And to be able to hit the road in a shorter period of time than it took my wife and I.

The Right Coach For Your

The reason that I am the right coach for you is the fact that I have lived this lifestyle for the past eight years with no desire to change. I love it and as my vision statement says, I want to help you to be well equipped for your new adventure, so you too, can enjoy this lifestyle,

We will explore your reason why, define your dream, and learn the Mindset of a Full Time RVer. And start our Plan Steps

Define your Dream

Do you have a set plan to succeed in your Full Time RV Lifestyle? It is said that those who do not plan, often fail.

Mindset

I have found that it takes a certain Mindset to live the Full Time RV Lifestyle for long periods of time. Do you have a spirit for adventure?

How is Your Health Today?

As we age, things change for us, if you need to be under a doctors care, do you beleive that you will be able to go Full Time?

2 YOUR HOME DECISION

Preparation for your adventure is needed before you can hit the road Fulltime in your RV. What to do with my stick and brick home.

01 Start listing you home repairs on your Google Doc

02 Hire a home repair man

03 If I am going to Sell my home- start researching for a Real Estate Agent

#2 YOUR HOME DECISION

If I am going to Rent out the home- Property Manager

Finding a Property Manager takes a number of good questions- do an internet search for the right questions

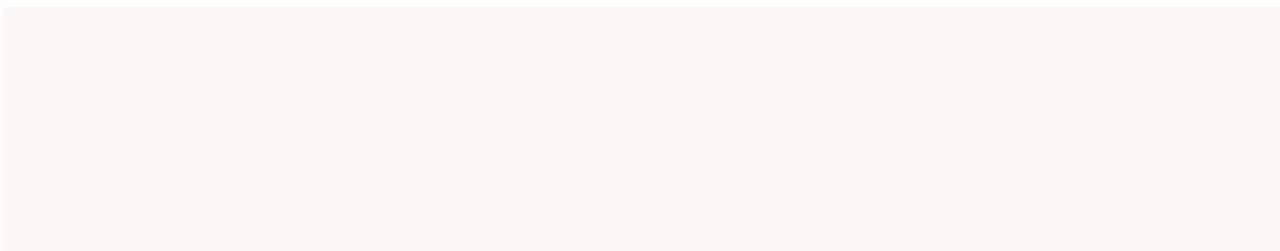

Keep the home? List what you need on your plan

Property Manager, Pool man- gardener, relative

Apartment or Rented Home

On your plan, remember to give notice to manager, stop mail service, turn off utilities.

#3 DOWNSIZE YOUR STUFF

Learn about the Suitcase Method

01 Take a Standard size Suitcase and pack the items you will put in the kitchen- Pots and pans, Air Fryer, Coffee Pot, Plates and Silverware

02 Take a Standard size Suitcase and pack your clothing- including jackets and sweaters. Remember if you need something on the road there are stores

03 Take a Standard size Suitcase and pack your living are items. Camera, Laptop, Books, etc.

#3 DOWNSIZING YOUR STUFF

Your Garage Sale Plan

Garage Sale Plan

Get your date in the newspaper or online, make signs, price items. Remember you will not make what you expect for your items.

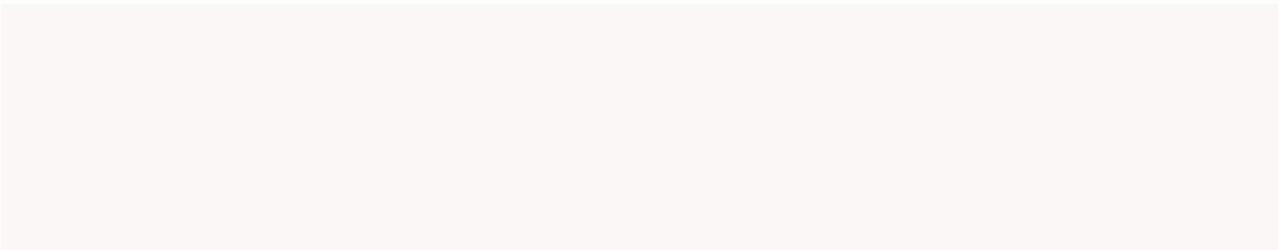

Donation Plan

Unless you plan to have more than one Garage Sale, have a Donation Center lined up to pick up what you do not sell.

Storage Plan

There is often a waiting period for storage units, plan ahead. Indoor storage is best for wood furniture. If you aren't going use it for a year, get rid of it!

4 DOMICILE

If you are planning to travel the country, a new domicile is the best choice for Full Time RVers.

01 Are you collecting a Pension of Social Security, a state that does not have income tax will save you a lot, South Dakota is your answer

02 Do you have decent RV Insurance? A state with lower rates on Insurance is your best choice

03 Do you want your mail forwarded to where you are at? Look into a Mail Forwarding Service like America's Post Office in South Dakota

WORKBOOK TEMPLATE #4
